

# Getting From the Newark Airport to Princeton

## By Taxi or Shuttle

If you are taking taxi/shuttle to the student dorm, use 200 Elm Drive, Princeton NJ 08544 as your destination and give the following instruction to the driver:

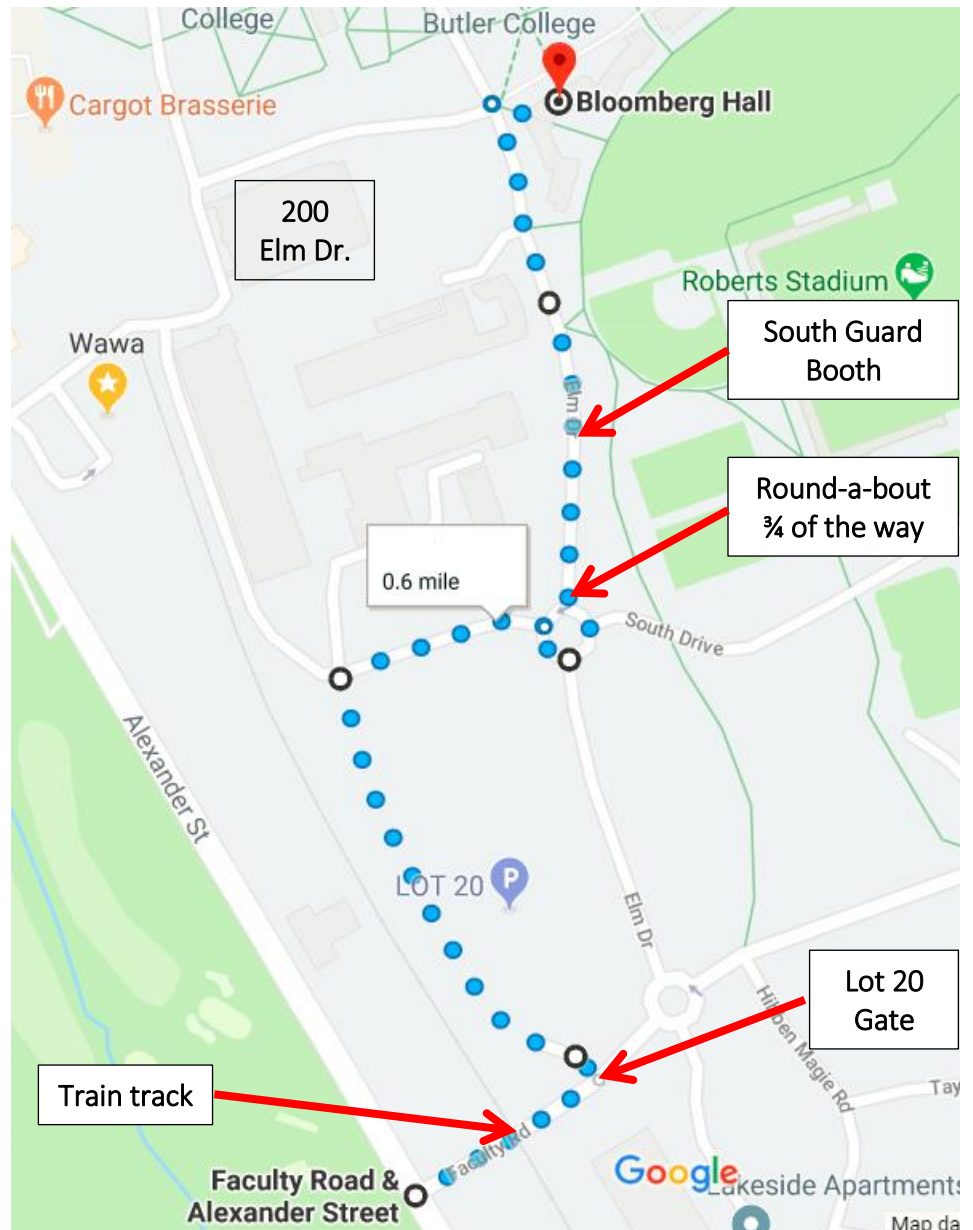

### Instruction to taxi/shuttle driver:

Due to road closure on the campus, please exit **US-1 South** from **Alexander Street**, not Washington Road.

Turn off Alexander Street onto **Faculty Road**. After crossing over the **train tracks** and before the circular drive there is a big gate on the **left**, **LOT 20 Gate**. That is where you would turn in.

Bear to the left and follow road up to the **stop sign**. Make a **right** and proceed to the round-a-bout  $\frac{3}{4}$  of the way around to the **guard booth**. The guard will allow the shuttles to 200 Elm to get keys and guests can either walk to Bloomberg or get dropped off.

Shuttles/taxis must exit the same way they entered campus.

## By NJ Transit

The following guide is for people who take NJ Transit from the Newark Airport.

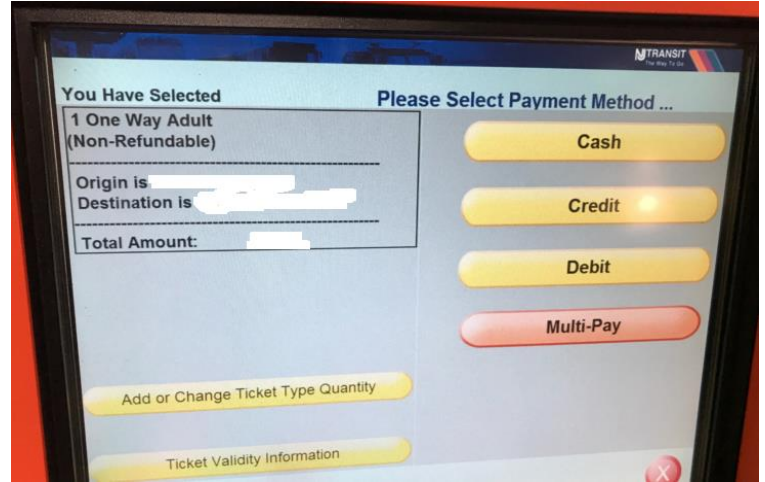

### 1. Look for AirTrain at your terminal.

## 2. Purchase NJ Transit tickets at the ticket machine.

- From the Newark Airport to **Princeton Junction**: \$17.25 one way, about 1 hour's ride. Recommended for people who are staying at hotels.
- From the Newark Airport to **Princeton Station**: \$19:00 one way, about 1 hour and 15 minutes' ride. Recommended for people who head for the student dorm.

You may request for receipts.

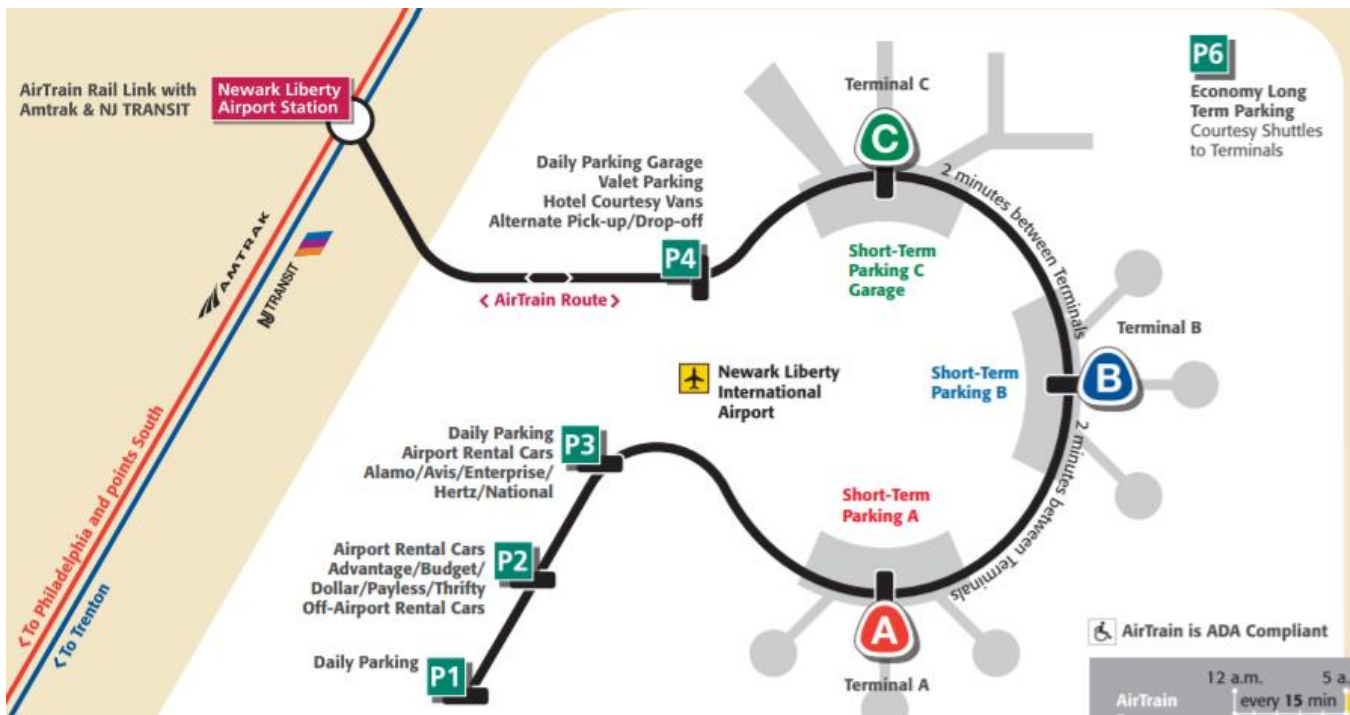

## 3. Scan tickets to take the AirTrain.

## 4. AirTrain Route

Terminal A → Terminal B → Terminal C → P4 → AirTrain Rail Link, which is the Newark Int'l Airport Station, where you will board NJ Transit.

**5. Get off at AirTrain Rail Link and proceed to the platform of Northeast Corridor Line.**

Princeton is in the same direction as Trenton and Philadelphia.

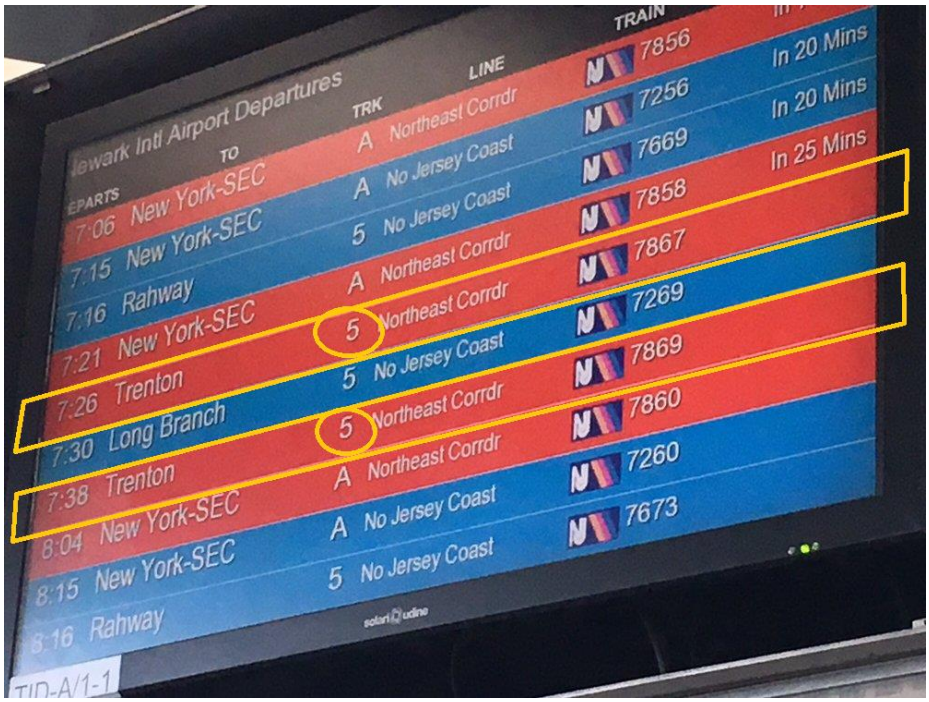

You will take **Northeast Corridor Line**, which makes stops at Princeton Junction and Princeton Station on its way to **Trenton**.

Informational screens can be found hanging overhead on the platform and in the glass waiting room.

**6. Look for the next Northeast Corridor Line that is arriving.**

The screen will show the track number and update the arriving time.

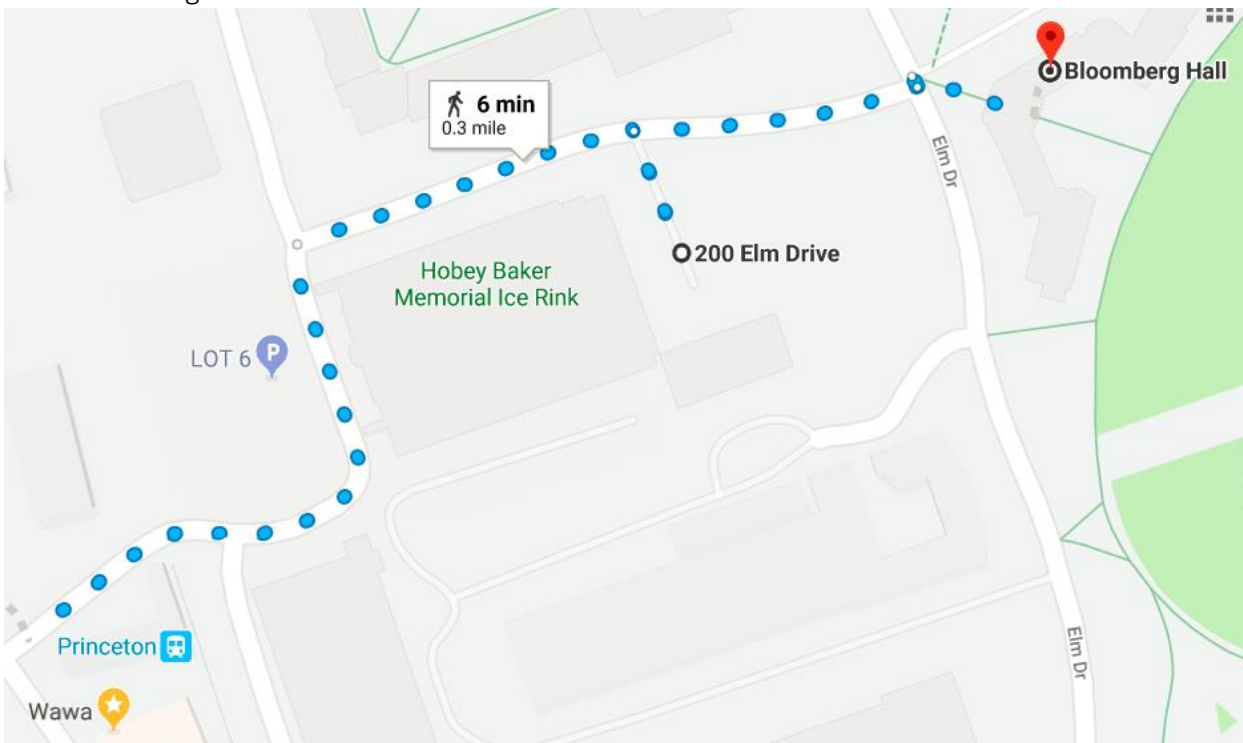

Not all Northeast Corridor trains stop at Princeton Junction or Princeton. The following cheat sheet shows which ones run between **Newark Int'l Airport Station** and **Princeton Junction** in weekday afternoons.
